

# SAFETY DATA SHEET.

**PRODUCT:** Anti Spatter Paste.  
**PART NUMBER:** 192.0058  
**SUPPLIER:** Binzel Pty Ltd, 42 Hinkler Rd. Mordialloc Victoria  
3195, Australia.

## INGREDIENTS.

### **1.1 Biological properties**

Small content of several aromatic hydrocarbons.

Health studies have shown that many petroleum hydrocarbons with a small content of aromatic hydrocarbons pose potential human health risk.

### **1.2 Form**

Unctous green paste

### **1.3 Odour**

Slight petroleum odour, similar to mineral oil

## PHYSICAL AND SAFETY DATA.

### **2.1 Density @20°C**

Approximately 0.94 g/cm<sup>3</sup>

### **2.2 Vapour pressure @20°C**

Below 0.001 mm Hg

### **2.3 Solubility in water**

Practically insoluble

### **2.4 Solubility in solvents**

Soluble in acetone, ether and others

### **2.5 pH Value**

Not available

### **2.6 Flash point**

250 – 270°C

### **2.7 Decomposition temperature**

Cracker effects from 360°C upwards

### **2.8 Viscosity @98.9°C**

Approximately 15 mm<sup>2</sup>

### **2.9 Melting/solidification point**

Approximately 60°C

# SAFETY DATA SHEET.

**PRODUCT:** Anti Spatter Paste cont..

## SPECIAL PROTECTION INFORMATION.

### **3.1 Personal protective equipment**

For added skin protection wear protective gloves

Preventative measures

For intended use handling no measures are necessary

## EMERGENCY AND FIRST AID MEASURES.

### **4.1 Fire and explosion hazard data**

The product is stable at ambient temperatures. Avoid extreme heat, sparks and flame. Product has no corrosion properties. Keep product out of sewers and water courses by impounding. Assure conformity with applicable government regulation authorities. Dispose of dirty material at an approved waste site.

### **4.2 Emergency action in case of fire**

Suitable fire extinguishing agents foam, water spray, carbon dioxide and dry chemical

### **4.3 Health hazard data**

Inhalation of hot fumes in high concentration dizziness, headache, respiratory irritation or unconsciousness

Ingestion can have a noxious effect

Prolonged or repeated skin contact may cause skin irritation

Exposure to hot product may cause thermal burns

### **4.4 First Aid measures**

Inhalation **If overcome by fumes, immediately remove from exposure and call a doctor.**

Skin contact **Clean dirty skin carefully with soap & water, change dirty clothes.**

Eye contact **Rinse the eyes with plenty of water.**

Ingestion **Normally no special measures**

## TRANSPORT/STORAGE.

No special measures if stored and/or packed correctly.

**Classification** Not dangerous goods.
